Rovinj, the 20th of January 2020

Dear friends, donors and sponsors!

Below I am sending you a short report on the work of OAZA for the second semester of 2019.

During this period, OAZA assisted 42 children in 14 foster families - 1 in Vodnjan, 1 in Kastav, 4 in Zagreb, 2 in Velika Gorica, 2 in Mursko Središće, 1 in Daruvar, 1 in Pakrac, 1 in Požega, 1 in Borovo and one family home in Petehi.

Although the Centers for Social Welfare provide monthly childcare, our help is necessary for foster children and their foster families, because the amount received from the Centers for Social Welfare is not enough to cover the needs of the children.

We provided financial support, food, clothing and shoes to our families, and managed to get a used 8-seater vehicle for the family home. During the year, we were able to visit almost all the families, and discussed how to address some of the problems with the children, we socialize with children and foster parents and gain insight about the families.

Children in all families are making good progress, most have adapted to their foster family, only in 4 families are both fosters and new children still adjusting. It takes a lot of effort and patience to gradually integrate these children into the daily life of a new family.

Most children were in poor health upon arrival, but in new families many of the disorders had disappeared or decreased. The children have recovered well and with regular check-ups and treatments are making excellent progress, and most children attending school are making better progress and mastering the material. Our greatest success is that one foster gypsy girl, with a great deal of effort and dedication from foster parents, graduated from high school and enrolled in law studies. A few young people are still in families, although they have already finished their education and their placement has ceased through the social welfare center, but the family still cares for them and helps them find work and become independent. This is the best sign that a caring and loving family is the best solution for children who are separated from their own families.

OAZA continues to be actively involved in the work of the foster association network "Forum for Quality Foster Care". Earlier this year, the new Law about Foster Care came into force, recognizing foster care as a professional occupation for the first time, and "Forum" contributed to adopt such an approach.

Although foster carers are not very appreciated in Croatia, and rarely anyone who wants to be a foster, OAZA and other foster organizations have an impact on improving foster care, it seeks to encourage its development and thereby reduce the number of children placed in institutions. We organize meetings and counseling for fosters throughout Croatia.

Your donations are a great help and encouragement to our work, and you can send your help and donations to our account in PRIVREDNA BANKA ZAGREB:

For OAZA, Centar za pomoć djeci: SWIFT CODE / BIC: PBZGHR2X ; Iban: HR 8023400091118004590.

If you wish you can send your donation directly to one foster family - in which case we will give you the information when you contact us by mail.

From us and on behalf of all the children, thank to everyone who has followed and supported this work so far. We wish you all the blessings of God and a good new year, greetings from the children, foster parents and OAZA administration.
