Rovinj, 24.07.2023.

Dear friends, donors and sponsors!

During this period, OAZA helped 52 children in 21 foster families. For each of these children, we provided financial assistance in the amount of €100 every 3 months. From time to time, we procured donations of food, clothes and shoes for the families, and this year we also managed to secure funds to cover the costs of vehicle insurance. According to their needs, we helped our families with advice related to foster children and their problems, and the biggest help is the Viber group, which includes all our foster parents who present their experiences, questions and answers for specific situations with children in foster care.

In May, we organized a meeting of foster families with children, this time the accommodation was organized by apartments in Rovinj. The furthest family from Vukovar arrived first with their children, and the other families arrived at their apartments a day later. On the same day they arrived, the children jumped into the sea and gathered on the beach, and there was no end to the squealing, playing and laughing. Every evening, foster parents gathered to share their experiences in foster care, their successes and failures, beautiful and difficult moments, and there were tears and laughter. The children met similar foster children, and quickly became close in play and entertainment.

On Saturday 27.05. was the celebration of the 30th anniversary of the work of OAZA, where the work from the very beginning was shown. All previous foster families were presented there, and the present families introduced themselves. Some children prepared their part of the program through song and music.

These days, the children visited our beautiful city and its beaches with their foster parents.

This meeting gave the foster parents much-needed rest and relaxation, and the children, some of whom had never seen the sea, made it possible to have an unforgettable experience and brightened up their difficult childhood. "These kinds of meetings are better for us than educations and conferences", say the foster parents, because we learn from each other from real life stories, and the children have found new friends who share the same destiny of fostering or adoption.

OAZA continues its work in helping foster parents and adopted children, as well as others in need. Through various churches, he also tries to encourage the development of foster care and helping children in need.

All your donations are a great help and encouragement to our work, and if you want to continue helping, you can send the help to the account: OAZA, Children's Help Center: HR 8023400091118004590, SWIFT CODE / BIC: PBZGHR2X

On behalf of all our children and foster parents, I would like to thank everyone who has followed and supported this work so far. We wish you an abundance of God's blessings and we warmly greet you.

After the financial report, there is a list of donors, and several pictures from the meeting and anniversary celebration.
