Rovinj, 05.01.2026.

Dear friends, donors and sponsors!

This letter contains a short report on the work of OAZA in the second half of 2025, a table of donors, and a financial overview for the whole of 2025 (for those who do not have time for more information). In the second, there are reports and pictures of foster families (for those who want to know more details).

During this period, OAZA helped 62 children in 23 foster families. For this Christmas, we managed to give all the children financial help to celebrate these joyful holidays with dignity. However, this year we were not able to secure funds to cover the costs of vehicle insurance, because we used all the funds to renovate and equip two houses in Oportalj. A foster family with 5 children moved into the orange house, and renovation and furnishing is still being completed. A new roof has been installed on the white house and the complete wooden attic structure has been replaced.

There is still a lot of work to be done on the white house (replacement of the wooden mezzanine structure between the ground floor and the first floor, masonry of new walls on the ground floor and first floor, replacement of all electrical and plumbing installations, complete decoration of all the rooms, and bathrooms, and furnishing), and we will gradually do this as we receive donations for it. We have almost completely finished the orange building, but we still have to replace the electrical installation, install a new 300-liter boiler, and replace all the windows. The windows are dilapidated and have only one glass, and heat is lost. (After consultations with experts, we gave up on the heat pump, because the house is not insulated enough).

Occasionally, we procured donations of clothes and shoes, as well as equipment for foster parents, and we helped all our families according to their needs with advice related to the placed children and their problems. Our Viber group is a great help and foster parents use it all the time. There, they share their experiences, questions and answers for specific situations with children in foster care.

In cooperation with the Union of Baptist Churches, a camp for foster families was organized in September, which took place in the Činta camp, on the island of Ugljan. There were over 70 camp participants, who became very close with socializing, games and workshops. The camp was so good for everyone that we unanimously decided to repeat it in 2026.

OAZA helps foster parents and children, as well as others in need, and, through various churches, it tries to encourage the development of quality foster care in Croatia. All your donations are a great help and encouragement to our work, and if you want to continue helping, you can send help to the account: OAZA, Children's Help Center: **HR 8023400091118004590**, SWIFT CODE / BIC: PBZGHR2X

On behalf of all our children and foster parents, I would like to thank everyone who has followed and supported this work so far. We wish you an abundance of God's blessings and we cordially greet you.
